WHEREAS, on the 8th day of December, 1960, there was presented to the Board of Supervisors of the County of Los Angeles, at a regular meeting of the Board, a petition for the proposed incorporation of a general law city to be known as the City of San Dimas, said petition setting forth the boundaries of said proposed city as approved by the County Boundary Commission, stating the approximate number of inhabitants therein, and providing for all city officers, except councilmen, to be appointed by the city council, under the provisions of Section 34300 and following of the Government Code of the State of California; and

WHEREAS, there was attached to said petition the affidavit of at least three qualified signers stating that the signatures to the petition are genuine; and

WHEREAS, prior to circulation of the said petition, the proposal for the incorporation of the said proposed city was submitted and reported upon to proponents by the County Boundary Commission with respect to the definiteness and certainty of the proposed boundaries, and the said County Boundary Commission on September 30, 1959, did approve revised boundaries; and

WHEREAS, the territory described in said petition consists of a portion of the County of Los Angeles claimed by the proponents to contain approximately 8,000 inhabitants, and not incorporated as a city; and

WHEREAS, upon presentation of said petition said Board adopted an order instructing its Clerk to ascertain the sufficiency of the said petition and report to the Board of Supervisors thereon within thirty days; and

WHEREAS, on the 5th day of January, 1960, the said Clerk reported to said Board that the said petition accurately describes the boundaries of the proposed city and is signed by more than twenty-five per cent of the owners in fee, or purchasers under written agreement to buy, of land situated within the limits of the proposed incorporation, representing more than twenty-five per cent of the value of the land included in the proposed city limits, as such value is shown on the last equalized assessment roll of the County of Los Angeles; and

WHEREAS, said Board on the 5th day of January, 1960, did adopt an order finding said petition to be signed by the requisite number of qualified signers and to describe correctly the boundaries of the proposed city, and directed its Clerk to accept the amount of money fixed by the Board to defray the cost of publication of the notice of hearing and notice of election; and

WHEREAS, on the 12th day of January, 1960, said Clerk reported to said Board the receipt of said amount of money necessary to defray the cost of said publication; and

WHEREAS, at a meeting on the 12th day of January, 1960, the Board of Supervisors did make an order fixing the time for hearing on said petition, which time was fixed as the 18th day of February, 1960, at the hour of 9:30 o'clock a.m. on said day, and directing said Clerk to cause notice of said hearing to be published for at least two weeks before said day of hearing in the San Dimas Press, a newspaper of general circulation printed and published in said County; and

WHEREAS, on the 18th day of February, 1960, said petition came on for hearing, and said Board heard the same, and after said hearing said Board did adopt an order excluding the property of State Polytechnic College

from the proposed incorporation of the City of San Dimas, and continuing hearing to the 24th day of March, 1960, at the hour of 9:30 o'clock a.m.; and

WHEREAS, on the 24th day of March, 1960, said petition came on for continued hearing, and an order was adopted continuing said hearing to the 5th day of April, 1960, at the hour of 10:00 o'clock a.m.; and

WHEREAS, at a meeting on the 5th day of April, 1960, said Board did adopt an order closing the hearing, finding and determining that written protests to the proposed incorporation by owners of land within the boundaries as described in the petition for the proposed incorporation represent less than 51% of the total assessed valuation of the land within said boundaries, establishing the boundaries of said proposed incorporation, determining that in excess of 1968 registered voters reside within said boundaries, instructing the County Engineer to submit metes and bounds description on April 12, 1960, for Board approval, and continuing the matter to said date for the purpose of calling the election; and

WHEREAS, on the 12th day of April, said Board of Supervisors did approve the description defining the boundaries of the said proposed incorporation as submitted by the County Engineer, and ordered that an election be called for the 28th day of June, 1960, to be held in the area proposed for incorporation, for the purpose of determining whether the same should become incorporated, and for the purpose of electing councilmen; and thereafter did give due legal notice thereof in the manner and for the length of time required by law, and said notice did accurately describe the boundaries of said proposed incorporation as set forth by said Board of Supervisors, which boundaries are described as follows:

WHEREAS, in pursuance to said order, said notice, and said proceedings, an election was duly held within said boundaries on said 28th day of June, 1960, and the returns of the votes cast at said election were by said Board of Supervisors duly declared to be official at its meeting of July 12, 1960; and

WHEREAS, upon said declaration it appears that a majority of the votes cast at said election are for the incorporation of the City of San Dimas:

NOW, THEREFORE, IT IS ORDERED that said Board by its order does hereby declare that all that territory situated in the County of Los Angeles, State of California, and embraced within the boundaries hereinabove described, is duly incorporated as a general law city under the name and style of the "City of San Dimas."

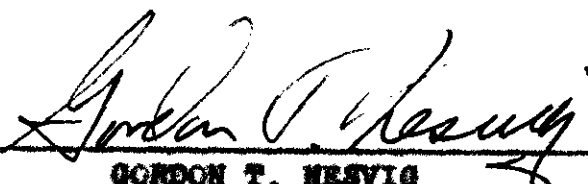

WHEREAS, it also appears upon the declaration of said votes that Stanley W. Plummer, Theodore Glauthier, G. Francis Harbin, Lloyd L. Rouse and Harry A. Whipple received, in the order named, the highest number of votes cast for members of the City Council:

NOW, THEREFORE, IT IS FURTHER ORDERED that said Board by its order does hereby declare the aforesaid Stanley W. Plummer, Theodore Glauthier, G. Francis Harbin, Lloyd L. Rouse and Harry A. Whipple duly elected to the office of City Council of said City of San Dimas.

IT IS FURTHER ORDERED that the Clerk of this Board be and he is hereby instructed to file the proper documents with the Secretary of State of the State of California and the County Recorder of the County of Los Angeles.

Re: Proposed incorporation of
area known as San Dimas

Dear Mr. Moran:

At the meeting held on September 30, 1959, the County Boundary Commission reviewed the boundary description submitted by you on September 11, 1959, of the area known as San Dimas, proposed to be incorporated as a General Law City.

Although the boundaries submitted conform with record lines and existing and proposed city boundaries, a large island of unincorporated territory is created by the boundaries of this incorporation and the boundaries of the City of Glendora.

A street strip of unincorporated territory, along Walnut Avenue is created by the boundaries of this incorporation and the boundaries of the City of La Verne; also, a street strip, along San Dimas Canyon Road north of Foothill Boulevard, would be created if the proposed "North Foothill Annex" to the City of La Verne, as approved by the Commission on August 26, 1959, is completed prior to this incorporation.

Upon recommendation of the County Engineer revisions of the boundary description were made to provide the definiteness and certainty required by Section 34303.5 of the Government Code.

With these revisions, the County Boundary Commission approved the boundaries of the area proposed to be incorporated as the City of San Dimas. A copy of the revised approved legal description is enclosed for your use.

Glendora Opposes San Dimas

GLENDORA — In a move aimed at preventing the proposed City of San Dimas from encroaching on Glendora territory, the Glendora Planning Commission last night unanimously recommended to the City Council annexation which will block off a two-foot San Dimas corridor up Valley Center Avenue.

The parcel of ground which is being considered for annexation is owned by the County Flood Control District.

In other action, the commission approved two tentative tract maps and a lot split.

A condition attached to one map provides, for a 20 foot roadway easement along San Dimas Wash for a proposed parkway designed to carry through traffic along the wash edge.

The tract of 24 lots is located on the south side of the wash between Bonnie Cove and Sunflower Avenues.

The other tract which met the commission's approval is 36 lots, south of Juanita Avenue and east of Bonnie Cove Avenue. The recommended lot split is at 5256 N. Ben Lomond Ave.

GLENDORA GAINS IN ANNEX FIGHT

GLENDORA — This city's manager C. R. Allen. If approval is given, the council's next step would be to set a public hearing.

Delay to June 28

The County Boundary Commission cannot act on a request until after June 28 when it will be decided if San Dimas will be incorporated.

Meanwhile, Glendora will have established priority to the county property, blocking San Dimas' entry to the area.

"It's not that we're doing this out of spite," said one city official. "We're just trying to prevent a rather ridiculous situation from developing."

A tentative map and legal description of the annexations left the 2-ft. corridor Boundary Commission.

Glendora's earlier annexation left the 2-ft. corridor open to prevent un-annexed territory to the north from being isolated from the county.

Opening Left

The proposed San Dimas boundaries included the 2-ft. strip. This left an opening through which San Dimas could legally seek to annex the South Hills area, which is owned by the County Flood Control District.

The annexation would involve an acre just north of Valley Center Ave. and would attach previously annexed territory along Allen Ave.

Under present state laws, only incorporation, not annexation, can cut off a county island completely from other county territory.

So the annexation can succeed only if the San Dimas incorporation succeeds.

City Moves to East

Seeks Land in San Dimas

GLENDORA. — An annexation which would extend the city to the east and include some of the most popular areas in the Glendora-Pasadena area.

Tracts to be annexed include some of the most popular areas in the Glendora-Pasadena area. The city council has voted to consider the annexation of these tracts to the city. The city council has voted to consider the annexation of these tracts to the city.

The annexation recommendations will be before the city council at its meeting on Tuesday at 1:30 p.m.

The planning recommendation also included a third tract to the east. This cannot be annexed with the other two uninhabited tracts because 32 homes are already occupied and a vote by the residents would be necessary, City Clerk R. R. Baiotto explained.

Home owners in the area, all who signed protests to being included in San Dimas, will be polled on their reaction to joining Glendora before the city takes further steps.

Meanwhile, the Glendora City Council has voted to protest to the county what the city feels is an encroachment by the proposed city of San Dimas on the Glendora pre-zone area north of Arroyo Highway.

The city also took action on an Azusa annexation just west of Glendora's mutual boundary with the city of Azusa. Although the city of Azusa is not an outright city.

The Glendora Council will ask the Azusa City Council to give consideration to the residential area just east of Ben Lomand avenue at a hearing on request for commercial and multiple zoning on the Azusa side of the mutual line.

The city also is suggesting that the Azusa and Glendora Planning Commissions meet to exchange ideas when requests involving property near the city's two eventual boundaries in the future.

SAN DIMAS

"We're confident we're over the top and will present petitions asking for an incorporation election tomorrow or Tuesday to Supervisor Benelli," John Payne, spokesman of the San Dimas Founders Committee, said.

Payne said the area has a dozen or more homes and contributed \$2,000 to employ a solicitor to prepare the articles of incorporation. He said the area is the only one in the county that has not incorporated. He said the area has a population of 1,000 and a potential for 2,000 people, but no money for the incorporation.

Area Listed

Proponents seek to incorporate a 6-sq. mi. bounded by La Verne on the east, Puddingstone Dam on the south, Valley Center Ave. on the west and Foothill Blvd. and the city of Glendora on the north.

Payne said that according to the latest estimates of the Regional Planning Commission the area has an assessed valuation of \$6.5 million and a population of 1,000 in 1960, with a potential for 2,000 dwellings.

He said that according to a report from the county city services division of the chief administrative office, the proposed city would have 39 mi. of streets to maintain, park cost estimated at \$2,000 annually, law enforcement at \$1,000.

Administrative costs would be about \$20,000.

Revenues Estimated

Revenues were listed as follows: \$16,500, state tax; \$29,100, motor vehicle tax; \$46,350, sales tax; \$1,000, liquor licenses; \$1,000, county gas tax.

"On this basis we feel incorporation will be feasible," Payne said. "The figures bear out substantially the picture presented by the Chamber of Commerce last summer when a review of incorporation was made."

"We can't be prosperous, and it is possible that a city tax may be necessary, but the figures confirm that expenditures against revenue are nearly in balance," Payne stated.

City Map 2/19/60
Hits Snag

SAN DIMAS — New boundaries of the proposed City of San Dimas were ordered yesterday by the Board of Supervisors because too many property owners asked to be excluded from the city.

The Supervisors asked that the new map be resubmitted March 24.

Parcels of land which their owners asked be excluded from the city were marked in red on a map submitted at a board hearing. There were scores of red outlines marking out land ranging from single lots to multiacre tracts.

Supervisor Frank G. Bonelli pointed out that if all were left out, general county taxpayers would have to pay much more than at present to furnish governmental services to the county islands formed.

John Moran, chief spokesman for the incorporation proponents, said the basic reason for the incorporation lies in the danger of annexation by either La Verne or Glendora.

"We wish to retain the community identity of San Dimas," he said.

San Dimas City DAILY JOURNAL
Boundary Hearing 2/22/60
Delayed By Board

A hearing on boundaries of the proposed City of San Dimas was delayed until March 24 by County Supervisors Thursday because residents of a large section in the western area of the proposed city have protested incorporation.

Board chairman Frank G. Bonelli said if this section remains outside the city limits it would create a county "island" between the city and Covina on the west boundary.

Moran said officials of the cityhood drive are anxious to incorporate because the cities of La Verne, Glendora and Covina want to annex part of the San Dimas area.

San Dimas has 6,200 residents and an assessed valuation of \$6,517,000 in an area of about six square miles.

Incorporation of San Dimas Wins Approval

SAN DIMAS, June 28 — San Dimas became an incorporated city today as the result of an election which brought a vote of 816 in favor of incorporation and 700 against the move.

In the race for five City Council seats, returns from five out of four precincts showed Stanley W. Plummer, Theodore Glaethier, G. Francis Harbin, Lela Ann Hathaway and August A. Kain as the leading candidates.

There were 2,700 registered voters eligible for today's election.

City's Location

San Dimas is a six-square-mile area lying between Charter Oaks on the west, La Verne on the east, Glendora and Foothill Blvd. on the north and Puddingstone Lake and Valley Center Ave. on the south.

Incorporation proceedings have been backed for two years by the San Dimas Chamber of Commerce through a founders' committee. Citizens for San Dimas have formed the opposition.

San Dimas Votes on City June 28

The Board of Supervisors today is expected to set June 28 as incorporation election day for the proposed City of San Dimas.

A revised map excluding only property owned by California Polytechnic Institute has been approved by the board. This was the last block to setting an election date.

As proposed, the city would be bounded on the north by Glendora, the east by La Verne, the south by Puddingstone Dam, and on the west by Valley Center avenue.

Incorporation requires a simple majority of the voters.

Anti-incorporation forces are already organized. Most residents in the Valley Center avenue area adjacent to Glendora protested vehemently against inclusion into the city.

Denied exclusion after two heated meetings before the supervisors, residents from this area announced they will battle San Dimas cityhood plans. The proposed city would have 6,200 residents, with 1,957 registered voters.

Assessed valuation has been estimated at \$6.5 million.

San Dimas Cityhood Runs Into Opposition

One-Fourth Demand Exclusion

By JACK JOHNSON

SAN DIMAS — The Board of Supervisors listened yesterday to demands that one-fourth of San Dimas be excluded from the proposed city of San Dimas and set the matter for final decision at the April 5 meeting.

Cityhood proponents, headed by John Moran, Chamber of Commerce president, and Stanley Plummer, chairman of the Founders' Committee, told the board that they could not agree with persons seeking withdrawal from the proposed city limits. Plummer told the board that the incorporation movement will be, "greatly hindered unless the present boundaries are retained."

He charged that objections stemmed from land speculators and non-residents.

Opponents, led by Mrs. Vera Dunning, demanded that an area on the north and northwest corner of the proposed limits be excluded. The area represents 25.24 per cent of the proposed city of San Dimas.

Opponents testified that although their area was a prime area for tax returns there were few registered voters to oppose the cityhood movement.

L. A. Shelton, an attorney representing the anti-incorporation factions, told the board that the large area with few voters would be forced into a city and made to support it taxwise, unless they were excluded at the boundary hearing.

C. R. Allen, acting city manager for Glendora, told the Board that his City Council opposed inclusion of areas adjacent to that city.

"My council has started no annexation action, but opposes inclusion of those areas which are vital to the city of Glendora and are presently served by this city," Allen said.

Moran and Plummer told of the 75-year historical background of San Dimas and steadfastly refused to accept a compromise in boundary locations. The proponents charge neighboring Glendora with seeking to encroach by annexation and eventually envelope the area.

Glendora has rezoned an area which includes all property east of the city limits to Amelia avenue, and south to Arrow Highway. This would be part of the proposed industrial development that is now included in the San Dimas cityhood map. The boundary, as proposed by San Dimas cityhood proponents, would include six square mile, bounded by La Verne on the east, Puddingstone Dam and South Hills on the south, Valley Center avenue on the west and Foothill boulevard and Glendora on the north.

Estimated assessment valuation for the city is \$6.5 million. A population of approximately 6,200 people would live in the proposed city unless areas in the northwest are excluded.

Incorporation Issue to Go Before Voters

INCORPORATION

its residents, not the least of which would be increased taxes and reduced services.

"The proponents of incorporation have made an issue of the so-called 'greedy' and land for land annexation policies of Glendora and La Brea," Sneed stated. "The threat of involuntary annexation by adjoining cities is completely without basis and fact precedence or law."

"The patriotic cry of home rule covers many hidden booby traps. Zoning and planning are lucrative plums for many private interests. In new cities, building contractors and real estate brokers are usually represented on these boards and commissions," Sneed said.

Seeking Office

The opposition also feels that Juanita Park, proposed by the county to be built near Ekstrand School, would

be delayed for years if the community incorporates, Sneed stated.

Voters will elect five persons to a city council if incorporation succeeds. Twenty men and one woman are running for the posts.

They are Thomas H. Anneson, Anthony N. Ciancone, Clyde Deighton, LaVerne Flora, Joseph M. Gath, Theodore Glauthier, G. Thomas Harbin, Lela Ann Hathaway, Leonard D. Jensen, August A. Kniff.

Ballot candidates are John J. Jensen, John T. Norton, William J. Patterson, Harold E. Peters, Stanley W. Peterson, Alvin Preszler, David J. Riss, Lloyd L. Riss, Vera, Kenneth W. Wiley and Harry W. Whipple.

San Dimas in Bid for Cityhood

BY ANN FRANK

SAN DIMAS—The status of San Dimas, whether it remains under county rule or becomes an incorporated city, will be decided at the polls Tuesday.

Although this will be the first cityhood election, the agricultural community that is gradually being engulfed with subdivisions has been involved in incorporation proceedings for more than a year.

The two unsuccessful attempts failed to receive the required number of signatures of property owners to call an election. Both attempts would have linked San Dimas with Charter Oak and other unincorporated areas.

The Chamber of Commerce then made a straw ballot survey of the community of San Dimas, appointed a Founders Committee and proceeded to back incorporation of a 6-sq.-mi. area that encompasses the school district.

Indications Good

On the basis of contact that canvassers are making, John Payne, spokesman for the Founders Committee, said indications are good that incorporation will pass.

"By incorporating now we will receive a full year's existing county services without paying for them and will receive a full year's tax revenues as a city without having expenditures," Payne said.

Main reasons listed by the committee for incorporation are orderly development of the community of 7,500 and local government rather than absentee government.

Last Chance

"This is our last chance to make the kind of community we want, otherwise we will become bits and pieces of other communities," Payne said. "The best we could have left in the future would be a county island," he stated.

The Founders Committee estimates that it will cost \$138,000 to run San Dimas as a city, while income will amount to \$140,000. The city would contract for county services and hire its own administration staff.

Opposing the incorporation is the Citizens for San Dimas group, headed by Edgar M. Sneed. He said, "The incorporation of San Dimas under present circumstances would impose long-range hardships on the majority of

San Dimas Now in Pomona Judicial District

The Los Angeles Board of Supervisors today provided that the recently-incorporated City of San Dimas be made a part of the Pomona Judicial District according to Frank G. Bonelli, chairman of the Board of Supervisors.

The law provides that an incorporated city must be entirely within a judicial district. A small portion of the city was in the Citrus Judicial District when the territory was unincorporated.

Bonelli said today's action instructed the County Counsel to prepare a resolution placing all of the municipality within the Pomona Judicial District.

SAN DIMAS' FUTURE HINGES ON HAHN VOTE

SAN DIMAS — The future of San Dimas' incorporation depends on the vote of Supervisor Kenneth Hahn when the board resumes its boundary hearing at 10 a.m. Tuesday.

The board deadlocked 2-2 March 22 on exclusion of industrial, commercial and residential acreages in the western portion of the proposed boundaries. Hahn did not register a vote.

Both proponents and opponents said they would attend Tuesday's session with good representation.
